November 26, 1980

The Honorable Stansfield Turner
Director of Central Intelligence
Washington, D.C. 20505

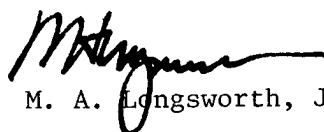

Dear Admiral Turner:

Honeywell Information Systems wishes to invite you to be the keynote speaker at an Annual Privacy and Security Symposium conducted by Honeywell each April in Phoenix, Arizona. This year's symposium will be held on April 7 and 8, 1981 and we would appreciate your being the luncheon speaker on April 7, 1981.

As in past years, we expect an attendance of 300 to 500 persons who are generally high level technical managers and executives concerned with privacy and security in the data processing industry. While your experience and thoughts in the specific areas of privacy and security as it relates to computers would be most welcome, any other topic which you would wish to pursue is totally appropriate.

We look forward to your positive response. I will call next week to work out the necessary details.

Sincerely yours,

M. A. Longworth, Jr.
